- Percentage: 94.4

10th | St.Mary's Convent School

📅 2018   📍 Ghazibad, India

- percentage: 94.2

PROJECTS

Meditech (Under Avishkar MNNIT 2021) | 🔗 | 🌐

📅 December 2021

- Tech stack: MERN
- A platform is your personalized medical manager.It keeps records of your prescriptions,current and old medications,shows you the graph of your vitals,books appointments with doctors,provide a platform for video call,pays the doctor his/her fees,sends your regular vitals to your doctors,shows your allergies to doctors.
- Dual portal for doctor and patient.Doctor can monitor the patient and prescribe medications and platform keeps everything as a record to avoid any type of malpractice.

Amuzehub (Under Hack36 MNNIT 2021) | 🔗 | 🌐

📅 April 2021

- Tech stack:PHP,HTML,CSS,Bootstrap
- A platform which searches stuffs around the platform using the tags.(for example: a bachelor wants to cook something,he'll enter the ingredients on our site and site will return all possible recipes which can be cooked using things user had.)
- User can post/delete their recipes,music etc and using tags those posts are shown in other users feed,

Renaissance 2022 | 🔗 | 🌐

📅 March 2021

- Worked with a Team of 16 students to complete the site for Renaissance and Ecell MNNIT (entrepreneurship event of MNNIT)
